About me

My name is Marion Gillot, and I love design. I am passionate about creating unique and beautiful designs. My main objective is to provide effective visual solutions to help my clients achieve their marketing and communication goals.

As a second year BNR student, I have gained experience in video editing, motion design, 3D design, web design and development, branding, graphic design, web design and product design. I am able to work on projects ranging from logos, websites, advertising campaigns, packaging and branding.

My works

These are my professional and personal projects.

01

Poster of the 2025 World Expo in Japan

The concept is inspired by the theme of the World Expo 2025 in Osaka: with the environment, the well-being of nature and animals, taking hats.

02

Poster of the film the psychopath

The objective was to create a film, a scenario while creating its visual identity. A poster for a cinema release.

03

Postcard

Creation of a postcard as part of a series of Dubonnet ads. Adaptée dans leurs réseaux sociaux. Using my graphic aspects and drawing methods.
Inspired work : CLEMENT TOSKI WORK WITH COCACOLA

04

NOFFTA

NOFFTA is a website where you can create your own personnalised NFT since its free. The project is in collaboration with the DFFF

Portfolio 2023
